

The Ecology of Humboldt Bay, California: An Estuarine Profile

By Roger A. Barnhart

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 130 pages. Dimensions: 11.0in. x 8.5in. x 0.3in. The data in this estuarine profile on Humboldt Bay provides a scientific reference on the bay's natural resources and will aid in the management and protection of the estuary. It provides current and historical information on the geographic setting of Humboldt Bay; describes geological, climatological, hydrological, and physicochemical aspects of the bay environment; describes the biotic communities and the relationships; compares and contrasts other west coast estuaries to Humboldt Bay; provides management considerations in terms of procedures, socioeconomic factors, and environmental concerns; and identifies research and management information gaps important to proper management and protection of the bay. This item ships from La Vergne, TN. Paperback.
