*This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.*

Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *The First Canadians in France: The Chronicle of a Military Hospital in the War Zone* In glancing through these pages, now that they are written, I realise that insufficient stress has been laid upon the heroism and self-sacrifice of the non-commissioned officers and men of the Army Medical Corps - the boys who, in the dull monotony of hospital life, denied the exhilaration and stimulus of the firing line, are, alas, too often forgotten. All honour to them that in spite of this handicap they give of their best, and give it whole-heartedly to their stricken comrades. The pill of fact herein is but thinly coated with the sugar of fiction, but if the reader can get a picture, however indefinite, of military hospital life in France, these pages will not have been written altogether in vain.
