## THE RAILWAY MAIL SERVICE: ITS ORIGIN AND DEVELOPMENT (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Railway Mail Service: Its Origin and Development The author of this little book entered the postal service of the United States in April, 1861, upon the accession of the Republican party, and remained in the service almost a quarter of a century. During that time the postal railway service was conceived and inaugurated and brought to a high state of efficiency. My official duties brought me into intimate personal relations with Mr. George B.Armstrong, who founded the service, with Mr. George S. Bangs, who established and put into operation the fast mail, and Captain James E.White, who has brought the whole system into its present state of perfection. The account presented in this book appeared substantially in the same form in my recent volume of recollections, My Day and Generation. I have tried to make the article of interest to the general public, but I have also had especially in mind its appeal to the great army of faithful and efficient postal railway clerks, who, night and day, in darkness and sunshine, through storm and flood, are traversing this vast continent, so distributing our mail that it may reach its destination in the shortest time possible.
