Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1912 Excerpt: .Bear Life-Saving Station. The line, cable, and instruments between Glen Haven, South Manitou, and North Manitou Islands are now in good working order. The line from San Francisco to Point Reyes has been placed in good condition at a small expense. Communication between Port Crescent and Tatoosh was interrupted during the year for a total of 14 days. Communication between Port Crescent and Seattle, on the Western Union The Government receipts from all lines for commercial messages handled during the year amounted to \$2,018.48. PUBLICATIONS DIVISION. The Publications Division has continued to issue the regular publications of the bureau, consisting of the Monthly Weather Review, the Bulletin of the Mount Weather Observatory, the National Weather Bulletin, the Snow and Ice Bulletin, the Marine Meteorological Charts, the Weather Maps, and the forecast cards. It has also supplied the stations with blank forms for their meteorological and other station work, and blank maps and cards for disseminating weather forecasts. On January 1, 1911, most of the printing material, including power and job presses, monotype machines, and type, was transferred to the Government Printing Office, where the actual printing work of the bureau has since been done, with the exception of the daily weather maps, and cards for the local forecasts, and such small supplies as have been needed for immediate use at the central office. Lithographic operations remain unchanged. As a result of this change in the printing work of the bureau the services of 16 employees in...
