Reviews

This publication is fantastic. We have read through and i am certain that i will planning to read yet again yet again down the road. You wont feel monotony at at any time of your respective time (that's what catalogs are for concerning when you request me).

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 102 pages. Dimensions: 7.9in. x 5.2in. x 0.5in. We've all seen the news over the last few years, watching in wonder and disbelief at the situations the people entrusted to run the country get themselves into and then proceed to lie their way out of. Just imagine, and this won't be hard, that they were so stupid that they wrote reviews of the items that got them into or out of their latest bit of trouble and posted them online. Ted Williebond is angry, not only at having to settle for running the opposition, but also for the bullying he had to endure at school by Cameron Davies and Gary Osburn, who now run the Government and don't mind pointing that out to Ted every time they see him. Join Ted as he foolishly leaves reviews of such items as Silly String, vodka and thick curtains as he tries his hardest to bring down the coalition. On the other side of the fence we've got Daniel Dangly, a foolhardy old school politician from Southamptonshire who, try as he might, cannot outrun the press, who seem to stalk him for easy stories; and Elouise Munch, a career girl more concerned about whose defaced her designer handbag than the people in her constituency. Running the show though isn't Cameron Davies or Ted Williebond; in fact it is Betty Rivers, the CEO of Information Inc. It can't work out well, can it? Welcome to The Idiot Government Reviews. This item ships from La Vergne, TN. Paperback.
